Our History:

Lake Rabun is one of the most beautiful lakes in the mountains of North Georgia. It was built by Georgia Power in 1915. Today it sparkles and gleams and is one of the most coveted spots in the Southeast to vacation and return to the joys of full engagement with nature-her forests, streams, cascading rivers, waterfalls, quiet coves, and majestic mountains.

Days here are filled with water skiing and rafting, swimming, tubing, boating, fishing, hiking and so much more. The Lake Rabun Hotel was built in 1922 by the founder of the Lake Rabun Community, August Andrea and through its continuous operation has become an institution of the lake. Fully restored in 2008, it carries on the tradition of creating memorable experiences and is an example of true Southern hospitality with a mountain flavor. It's restaurant under the leadership of Executive Chef, Zac Chapman, focuses on bringing Seasonal American Cuisine with a Southern Touch using only the finest locally grown and raised ingredients through its Farm to Table program.

We have been rated by OPEN TABLE as one of the Top Ten Restaurants in the state.
